

Special Needs Plan Model of Care self-study program fulfills your required annual training.

Dear Provider:

Physicians and other providers who treat our Special Needs Plan (SNP) members are required by the Centers for Medicare & Medicaid Services (CMS) to complete annual Model of Care (MOC) education and training after the initial training. This applies to our Dual Eligible Special Needs Plan (D-SNP) members, who are eligible for both Medicare and Medicaid, and our Chronic Condition Special Needs Plan (C-SNP) members, who have one or more qualifying conditions.

The provider training material is updated annually to align with the current year MOC and meets CMS requirements. Wellcare offers training on our website at bit.ly/WC_SNP_MOC.

- Select 'Model of Care Annual Training.'
- Select 'Download the Self-Study Program.'

The Plan requests physicians and other providers who treat SNP members to submit a voluntary attestation after completion of the MOC training for our records. The attestation can be found after completing the MOC training at the website location noted above.

We appreciate the quality care you provide to our members and your support of our efforts to meet CMS regulations regarding the SNP MOC.

Additional information about how to work with our Plan to support SNP members can be found at bit.ly/WC_DSNP_Resources.

Sincerely,

Wellcare
