Get Help Choosing a Plan That's Right for You

Selecting a Medicare plan can be complicated, but I'm here to help. This easy-to-follow presentation explains Medicare in simple language. It covers everything you need to make a good decision about your Medicare coverage and to enroll in a plan. It also explains how a Wellcare Medicare Advantage plan goes beyond the basics so you can live a better, healthier life.

Let's Start with the Basics

What is Medicare?

Medicare is a program administered and regulated by the Centers for Medicare & Medicaid Services (CMS).

You are eligible for Medicare if you are:

- A citizen or permanent resident of the United States
- Age 65 or older
- Under 65 with certain disabilities
- Any age with end-stage renal disease (ESRD) or amyotrophic lateral sclerosis (ALS, also called Lou Gehrig's disease)

This presentation will help you understand Original Medicare and how it compares to Wellcare Medicare Advantage plans.

Medicare has four different parts:

PART A
Hospital Insurance

PART B
Medical Insurance

PART D
Prescription Drug Coverage

PART C
Medicare Advantage

Four Parts of Medicare

PART A

HOSPITAL INSURANCE

Part A covers inpatient care, a skilled nursing facility, hospice and some home healthcare. You will have out-of-pocket costs for your hospital stay, such as deductibles and coinsurance. If in a skilled nursing facility more than 20 days in a benefit period, there may be out-of-pocket costs. There may be a monthly premium as well.

PART B

MEDICAL INSURANCE

Part B helps with the costs of doctor visits, outpatient services and some preventive services. With Part B, there are additional costs, such as a monthly premium, annual deductible and coinsurance you have to pay. Parts A and B together are called Original Medicare.

PART D

PRESCRIPTION DRUG COVERAGE

Part D helps cover the cost of prescription drugs. To receive drug coverage, you have to purchase a Prescription Drug Plan (PDP) to add to your Original Medicare or enroll in a Medicare Advantage plan with Part D prescription drug coverage (MAPD).

PART C

MEDICARE ADVANTAGE

By joining a Medicare Advantage plan, you get Part A and Part B (and usually Part D) coverage to support your total health and well-being in one plan. Many of these plans offer additional benefits not found in Original Medicare, such as dental, vision, hearing and gym membership. Medicare Advantage plans have predictable costs with set co-pays and out-of-pocket cost limits. Wellcare offers different kinds of Medicare Advantage plans. We explain them on the next slide.

MA Types of Medicare Advantage Plans:

HMO

Health Maintenance Organization (HMO)

In a **Health Maintenance Organization (HMO)**, you choose from a network of doctors, specialists and other healthcare providers for your care. You usually need a referral from your primary care provider for tests or to see other doctors and specialists.

PPO

Preferred Provider Organization (PPO)

Preferred Provider Organization (PPO) plans give you the flexibility to see doctors and specialists in and out of network, although your costs are usually lower if you stay in network. You usually **do not** need a referral from your primary care provider to see other doctors and specialists.

PFFS

Private Fee-for-Service (PFFS)

In **Private Fee-for-Service (PFFS)** plans, you can go to any doctor, hospital or healthcare provider as long as they accept the plan's payment terms.

DSNP

Dual-Eligible Special Needs Plans (D-SNPs)

Do you qualify for both Medicare and Medicaid? If so, we have plans especially for you. Our Dual-Eligible Special Needs Plans (D-SNPs) offer some benefits that are not included in Original Medicare for qualifying members at no extra cost.

CSNP

Chronic Special Needs Plans (C-SNPs)

Our **Chronic Special Needs Plans (C-SNPs)** offer coverage to help members with certain long-term health issues such as diabetes, chronic heart failure and cardiovascular disorder.

To see what's available in your area, please see the Summary of Benefits for details on the specific additional benefits in each plan. *Other types of plans may be available to you. Ask your licensed representative for details.*

Original Medicare vs. Medicare Advantage. Let's Compare.

Original Medicare

Basic Original Medicare by itself is just a starting point: it covers doctor visits and hospital stays. You usually pay a monthly Part B premium and must meet yearly deductibles. Original Medicare will then cover 80% of the approved amount and you're responsible for the remaining 20% of the cost of your care. *There is no limit to your out-of-pocket costs each year.*

Medicare Advantage

Wellcare Medicare Advantage plans support your entire well-being so you can live a better, healthier life. In one package, our plans give you Part A and Part B coverage, plus Part C coverage. Many of our plans also include Part D prescription drug coverage.

How Medicare Advantage Helps You Control Costs

- ✓ Limited out-of-pocket costs.
- ✓ More predictable co-pays.
- ✓ Wellcare Medicare Advantage plans have a cap to your yearly out-of-pocket expenses. *If you reach the maximum out-of-pocket amount, you pay nothing for your covered in-network services for the rest of the calendar year.*

Get to Know Medicare Part D

Medicare Part D is coverage for prescription drugs. You don't automatically get this coverage when you become eligible for Medicare, yet many Americans rely on prescription drugs to maintain their health and well-being. It's important to consider whether you need a plan with prescription drug coverage. To receive drug coverage, you can join a Wellcare Medicare Advantage plan that includes prescription drug coverage or a standalone Prescription Drug Plan (PDP).

Medicare Part D covers brand-name and generic prescription drugs. You generally pay less – or nothing at all – for generic drugs.

A formulary lists the drugs your plan covers.

Coverage Stages

Starting January 1st, 2025, Medicare Part D Prescription Drug Coverage will include three cost-sharing stages. The amount you pay to fill your prescription drugs depends on the payment stage you are in.

1 | Annual Deductible
The amount you pay before a plan covers your prescription drug costs, if applicable.*

2 | Initial Coverage
During this stage, the plan pays its share of the cost, and you pay your share. You are in this stage until your payments total \$2,000 for the year.

3 | Catastrophic Coverage
After your out-of-pocket costs for prescription drugs reach \$2,000, you pay \$0 for both brand and generic medications for the remainder of the year.

**Deductibles vary by plan. Not all plans have a deductible.*

Find out if you qualify for Extra Help

When to Enroll

Annual Enrollment Period (AEP)

The Annual Enrollment Period occurs from October 15 through December 7. This is also referred to as the “Open Enrollment.” Health plan coverage begins on January 1 of the following year.

Initial Coverage Enrollment Period (ICEP)

You become eligible to enroll into a Medicare Advantage plan three months before you get Medicare Parts A and B, and that enrollment period ends three months after you get Medicare Parts A and B. Your coverage would start the same day your Medicare entitlement month starts if you enroll before your Medicare entitlement month begins, or the first of the month after the plan gets your enrollment request if enrolling after your Medicare entitlement month starts.

Medicare Advantage Open Enrollment Period (MA OEP)

People enrolled in a Medicare Advantage plan can disenroll and return to Original Medicare or make one change to a different Medicare Advantage plan any time from Jan. 1, 2025 to March 31, 2025. If you choose to return to Original Medicare, you have until March 31, 2025 to sign up for a Prescription Drug Plan. The effective date for a change made during the MA OEP is the first day of the month after the enrollment request is received.

Special Enrollment Period (SEP)

You may qualify to make plan changes based on special circumstances (e.g., you move, a natural disaster occurs in your area, you are diagnosed with specific chronic conditions, you qualify for or lose eligibility for Medicaid).

Enrollment rules for many Dual Eligible Special Needs Plans (D-SNPs) have changed for 2025. Your window to enroll in a Wellcare Dual Eligible Special Needs Plan/(D-SNP) may be limited in 2025. Call now to learn more and enroll today.

Be sure to sign up when you're eligible

If you don't, you might owe a penalty. Medicare beneficiaries who go 63 days or more without “creditable drug coverage” must pay a late enrollment penalty. Creditable coverage is prescription drug coverage that meets Original Medicare’s standards.
